Himself Adds the Second Handicap to His Victories -- Fablus and Swamplands Also Win for Daly-Four Favorites and a Second Choice Finish in Front

WASHINGTON, April 13 .- The spring meeting of the Washington Jockey Club ended this afternoon before a crowd which was the largest seen at the Bennings track in years. The grand stand, clubhouse and bet-ing ring were crowded. Those present had so pleasure of seeing a good day's sport for the wind-up and four favorites and a second choice were winners. Father Bill Daly car-ried off the honors for he duplicated his feat f a few days ago in winning the fourth, fifth nd sixth races.

The fourth event was the main race of the day being the Second Bennings Handicap for three-year-olds and upward at seven furlongs. The field dwindled down to five and the Daly colt Himself, winner the First Bennings Handicap, appeared to have a mortgage on the first money and although Price was backed from 6 to 1 to 8 to Himself started favorite at 11 to 20. Himelf got away in front and increasing his lead every stride beat Price by eight lengths Nuptial was the favorite in the fifth race with the Daly pair, Fabius and Odds and Ends, second choices at 13 to 8. Fabius raced ith Nupital to the last furlong pole and sixth race Carroll D. ruled an odds-on favorite, but at the finish was unplaced, the Daly representative, Swamplands, at 25 to 1, winning by a neck from Ninonia.

irdle race at a mile and a half opened up the day's racing and Gould, who was backed from 5 to 8 to 7 to 5, caught Tankard in the stretch and won by four lengths. In the second race the 3 to 5 favorite, Blue and Grange, was in front all the way, winning by a length and a half from Springbrook. The third event was a steeplechase and Decameron, the favorite, beat Arius a length Silent Friend, the other starter, fell at the first jump and his owner, Mr. Harris, caught him and rode him out. But Harris failed to take Silent Friend back to the point where he fell and the stewards did not give third money to him. acked from 5 to 8 to 7 to 5, caught Tankard

noney to him.

After the last race the match between the Neville's Mr. McCann and H. Legaree's only Thicket took place, although not recognized officially. The pony was ridden by its owner and ran a mile and three-quarters of Mr. McCann's two miles. The pony led lithe way and won by twenty lengths. Summaries:

John Hendricks Wins His Second Game in the K. A. C. Tourney.

John Hendricks played Dr. Heywood yesterday afternoon in the Knickerbocker Ath-letic Club 14-inch balk-line tournament and scored his second victory of the tournament Dr. Heywood was beaten easily, the score being 300 to 168. Hendricks was a long time getting fully under way and played poorly getting fully under way and played poorly for twenty innings. He began to show some speed in the next inning, and did his best playing in the final string, which is not unusual for him. The great difference in his game is shown by the fact that in the last nine innings he averaged nearly 14 and in the first twenty averaged less than 3. Dr Heywood's best playing was in the middle game stage. He held Hendricks pretty well until the latter struck his fast streak. The score:

News of the Wheelmen.

W. C. Stinson, the pace-following cyclist, eturned to this country from France last Saturday on the American Line steamer it Louis. Stinson went abroad under conract to race, but was unable to do so owing to illness. Yesterday while in the city he explained that all his trouble was due to one ye in which he got a cinder going over. It secame so inflamed that he could not train, nd he did not ride a race. After being reated here he says he will return to France in the fall to fulfil the contract for riding hat he has.

There is a controversy of a most peculiar character now going on between a local dealer and one of his patrons. The situation in which they are involved is about as amusing as that of the two children, who having mutual ownership in a kitten, agreed that the front half should be Freddie's and the rear half, Johnnie's The trouble came when Johnnie pinched pussy's tail, which belonged to him, and made Freddie's end scratch and vow! The cyclist in question had two wheels, an old one and a new one. He bought the new one of the dealer and left the old one there "for a day or two". The man continued to ride his new wheel and neglected to take home the other one. The dealer told him to leave it as long as he liked; he would not charge him storage on it. The owner left rich his new whoel and neglected to take home the other one. The desire total his to leave it as long as he liked: he would not charge him storage on it. The owner left it all last summer and through the winter During the summer the dealer told his customer that he was the owner said. "That's all right" As the months went on the character of the wheel began to change. The seat post bent and a new one was put in by the dealer. Then the handebars broke and new ones were supplied. Next the tires gave out and were replaced. Finally much the front wheel, more shading and the front wheel, more shading and the front wheel and front forks were broken. Similar articles, but ones that did not match the rest of the wheel, were substituted for the damaged parts. A few days ago the owner of this wheel of many adventures called on the dealer, saving that he had sold his other wheel front wheel, front commission this spring. The dealer told him that most of the wheel had passed title from the patron to himself, for even the saddle and her car trip, the dealer could not see the point. He had left a wheel in good condition and waited it back that way. "Golf is played on top and not under the turf," said J. C. Eustis, Park Commissioner for The Bronx, in telling of the work that is to be done this year on the public links, and the fine condition of the Van Cortlandt Park course yesterday proved that he has lived up to his opinion. It was evident that for the first time the work outlined for the improvement of the links had been honestly done. The full eighteen holes were in play and over two hundred golfers made the rounds. There was a scant supply of caddie boys, but in a few days a licensed force will be in service.

NEWS OF THE HARNESS HORSES. IN THE BASEBALL WORLD. David Bonner Commends Peter Stirling After Driving Him to Pole.

At the Durland Horse Show on Friday evening, that well-known expert authority, Mr. David Bonner said that after personally driving David Bonner said that after personally driving the \$9,100 Futurity winner Peter Stirling. 2:11½, to pole with Black Robert, 2:13½, he considered Mr. Work in possession of the highest-class pole team since the halcyon days when Edward, 2:19½, and Dick Swiveler, 2:18, put the world's pole record at 2:16½, driven by John Murphy. The crack chest-put golding now a four-year ald behaves like nut gelding, now a four-year-old, behaves like a road veteran, is always ready for a brush. and stays with his mate whenever placed in double harness He is, in the opinion of such drivers as Myron E. championship available.

C. K. G. Billings had only once tried the four-in-hand blue ribbon winners, Billy K. Richard H., Briar Boru and Nappurtandy, as a four before making the class on Thursday evening at Durland's. He is among the most skilled whips in the amateur ranks, and next fall at the National will doubtless drive in the open classes. Billy K. has a trotting record of 2:24½ and showed iniles in 2:18½ in his work before being transformed into a high stepper. Mr. A. A. Housman's magnificent Royal Flush, victor over Lord Golden and third to Dr. J. L. Wentz's champion, Lord Brilliant, is a standard-bred trotting gelding and only purchased in the midwinter sale at the Garden. He has rare quality aside from show-ring style and manners and is a splendid color.

The purchaser of the \$6,400 pair of gray Orloff-bred stallions is Judge Moore of Chicago and this city, who, it will be recalled, paid \$7,800 for The Turk at Grand's in competition with Thomas W. Lawson a year ago last month. He has of late remodelled an extensive Fifty-eighth street sale stable for the accommodation of his high steppers. Mr Billings looked over the Orloff's, but, as he has a liking for our American trotting-bred, heavy harness horse, did not lodge a bid on any of the several lots. He has, at his Madison avenue stable, about thirty highly bred high-steppers nearly all with turf records or authenticated trials.

Trainer McHeury has removed from Quinn's stable to the Empire City track with Dan Patch, 2:04½, Freddie C. 2:14½, and may take a few others if the class suits him. From now on the trainers there will give their fast ones inoderate work to sulky, the track being especially forward since Seth Griffith began renovating it.

Timothy Sullivan is edging up two young trotters owned by Mr. Nathan Straus that show promise. At Mr. Straus's West 141st street stable there is no stable room for them and so they are quartered near at hand. Later Mr. Straus may allow his trainer to take several of his fast ones to the Empire City track to fit K. G. Billings had only once tried the

annual cruise, there will be plenty of sport. The annual regatta will be sailed on Thursday, June 19, and as usual the yachts will race over the lower bay courses, some going around the Sandy Hook lightship and others turning at the Scotland. The following Tuesday, June 24, the Glen Cove cups will be sailed for on the Sound. Three days' racing will be held at Newport on July 10, 12 and 14, and it is probable that a race for 30-footers owned by members of the club will be sailed on July 11.

The cruise this year will be a departure from previous years' programmes. The rendezvous will be at New London, probably on Tuesday, Aug 5. The next day the fleet will race to Newport and on Thursday, Aug. 7, the races for the Astor cups will be sailed. Then the squadron will race to Vineyard Haven and on Saturday, Aug. 9, the start will be made for a race to Marblehead. What the programme will be after that is not settled Some members would like to go on and fluish at Bar Harbor, but that would make the cruise a very long one. The owners of the small boats do not like this programme. When the rendezvous was at Glen Cove the small boats do not like this programme. When the rendezvous was at Glen Cove the small boats do not like this programme. College Batsmen and Lasts One Inning. The New Yorks were favored by errors, both numerous and grotesque, on the part of their opponents at the Polo Grounds yes-terday. They mixed in enough hits with the errors of the College of the City of New York team to win from the latter by a score of 18 to 5. The New Yorks made a few errors themselves, but their fielding was steadiness personified compared to the loose playing of the C. C. N. Y. men, who made good plays one minute and bad ones the next. The liege men made three snappy double plays; a throw to the plate by Henricks, doubling up Jones, being a marvel of accuracy and as fine a play as a whole season produces. Jack Dunn played his first game for the New Yorks, covering short, and going down the line with a strike-out, an error, three runs, two hits and an assist. Mathewson pitched the first five innings for New York and his work was very good. His curves were wide, and his speed pretty swift for this season of the year.

Dupee, the tail Maine pitcher, heralded as all kinds of a wonder, was in the box in the sixth inning and made a poor showing. He was hit for three singles and a double, and was awkward and slow in fielding his position. H. Thielman pitched the last three innings, and strengthened the good impression already made. Doyle's batting and the fielding of tordon and Lauder were tiptop. In the third inning Sullivan's double, followed by Goldberg's single, earned a run off Mathewson, and the C. C. N. Y. rooters made much over what they evidently considered a great achievement. The score:
